## Avoidances

1. Never Grab the XS1 by screen or kiosk side.
2. Never try to drag the XS1.
  - a. There five rubber feet that won't allow the machine to slide unless on blankets or cardboard.
3. Never try to disassemble the XS1.
4. Never use machine without stabilizing bars installed.
5. Never walk backwards downhill with machine.
6. Never over-tighten machine in truck.
